

OPTIMA 11

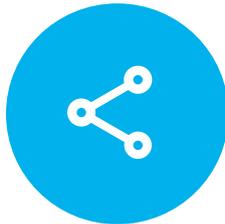

Powerful eRostering software, dedicated to the needs of the health and aged care industries.

As the only eRostering system built for the complex needs of the Australian health and aged care industries, Optima 11 makes the process of creating rosters as simple as possible, while ensuring safe staffing, efficient use of resource and meeting the needs of patients.

Safer Staffing

Bring workforce and patient acuity together, matching staffing levels to patient need.

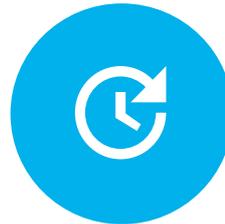

Joined Up Working

Roster across multiple locations, disciplines, integrating all healthcare staff.

Be confident on pay outcomes

Automatically processes from rostering to award interpretation to payroll; mitigating the risk of errors.

Reduce Admin Burden

Automation and template tools help to streamline the workload.

New Look for 2021

New User interface makes Optima simpler, easier and more intuitive.

“Allocate removes all manual work and duplication. Now we have consistent and automated interpretation of awards and improved visibility of rosters and rules. Our leave and shift requests are now streamlined and, because we’re hosted in the Allocate Cloud, our staff have mobile and remote access to rosters and requests. It’s brilliant.”

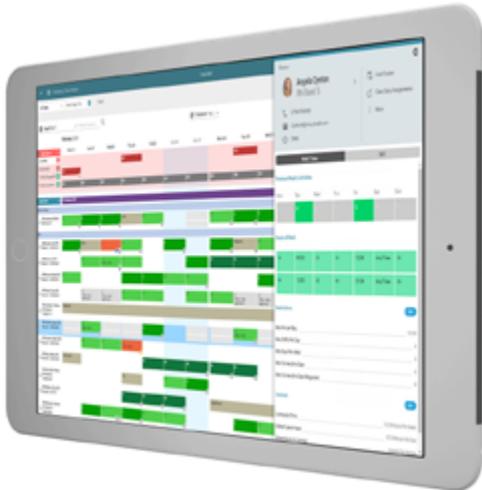

Amy Everard, Payroll and Rostering Systems Manager, Ballarat Health Services

Allocate’s rostering solutions generate over \$20 billion in pay for healthcare professionals every year.

Improve Care Quality
Match staffing to patient and resident needs | Keep control of costs

What's New in 11?

We have continued to innovate our eRostering software for over 25 years thanks to unparalleled experience in workforce management and years of customers insights, to create the best solution possible for the health and aged care industries. Optima 11 is our latest evolution that is built on the functionality that everyone loves with a new user interface that is cleaner, simpler and more intuitive. Optima 11 also allows users to roster where they want, thanks to its ability to operate on tablet devices.

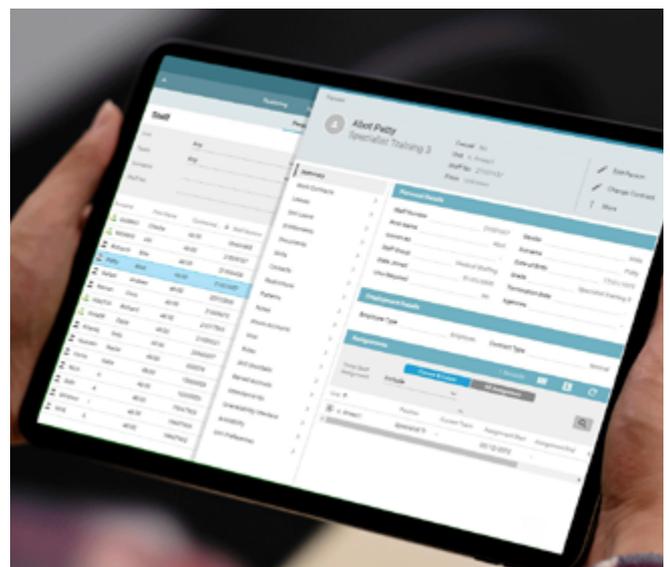

Benefits

- Rostering is simpler, faster and easier thanks to new user interface.
- Reduces 'fire-fighting' with rosters that put the right people, in the right place at the right time.
- Work smarter with unique joined-up staff group rosters allowing them to work together.
- Improve patient care by ensuring that correctly skilled staff are on duty.
- Streamlined administrative tasks means more time to care on the frontline.
- Unrivalled transparency in staffing issues help fix issues before they impact services.
- Drive costs savings by reducing avoidable costs and decreasing dependency on agency staff.
- Improves staff satisfaction and reduction in absenteeism thanks to fair and efficient rosters.
- Improved payroll accuracy thanks to Award Interpretation engine built especially for Australian Health and Aged Care industries.
- Features the largest eRostering community, sharing experience and support via regional, national and online user groups.

Features

- **New for 2021:** Next generation user interface that is modern and cleaner.
- **New for 2021:** Accessible on tablet devices.
- Create and maintain rosters for range of complex areas including theatres and clinics.
- 'One-screen, one click' approach – the nurses' choice.
- Rosters all staff, including permanent, part-time, casual or agency.
- Real-time rules engine, highlighting unfair and unsafe as soon as duty is assigned.
- Creates automated timesheets.
- In-built Award Interpretation engine, built specifically for the Australian health and care industries.
- Roster Analysis feature objectively shows if the roster is safe, fair and efficient against KPI's.
- Integrates with EmployeeOnline so staff have easy access to their roster.

The only eRostering solution dedicated to the needs of the Australian health and aged care industries
