

BANKSTAFF +

The bank solution for **all** staff groups. For **Medical, Allied Health Professionals** and **Admin and Estates**.

Build upon the benefits of BankStaff by adding BankStaff+, optimising the temporary staff management of the Medical, Allied Health Professionals and Admin and Estates workforce.

Enable your organisation to improve bank fill rates, reduce agency spend and meet performance targets by integrating with rosters and collaborative banks to fill shifts. It is easy to implement, and the app can be rolled out quickly to all staff groups.

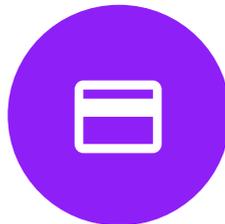

Providing Flexibility

Allow workers to view available shifts, express interest and book shifts all while on the go using the App

Improved Control

Choose candidates based on skills and experience by viewing uploaded CVs before approving

Customise Pay Rates

Adjust pay rates per hour or per session before advertising shifts and send to ESR for easy payroll processing

Fill More Shifts

Fill more and the right shifts, making it easier to meet performance targets and control agency bookings

Integrated Solution

A uniquely integrated solution from Rostering to Direct Engagement and Agency Management

"Moving our medics onto the system was a natural progression for us after we'd got the rest of the Trust onto e-Rostering. After doing our research and speaking with people, we identified that the biggest benefits would be realised by going with Allocate's MedicOnDuty, MedicOnline and LocumOnDuty now BankStaff+ platforms."

Medway NHS Foundation Trust

[Read the full Case Study at allocatesoftware.co.uk](http://allocatesoftware.co.uk)>

1.75 million temporary staffing shifts are processed through our temporary staffing software each month. Of these, 1.1 million shifts are filled by internal bank staff.

Fixed predictable cost with no transaction fee : We believe Trust's shouldn't pay each time they book their own staff.

Making internal banks exciting again: Reduce agency spend, maintain your own staff groups and stop paying for your own workers

BankStaff+ builds on your existing HealthSuite applications meaning it can be implemented with minimum investment and time to create a bank solution for all staff groups.

This enables you more control and to further minimise demand and reduce agency spend across the medical, allied health professional and administration/estates staffing groups by integrating seamlessly with rosters, direct engagement and collaborative banks.

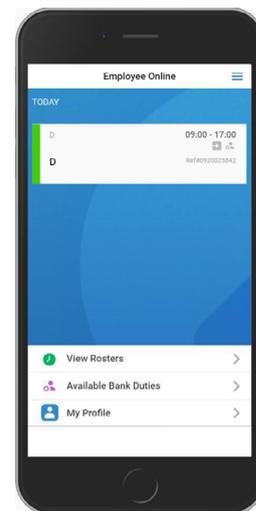

Fixed Upfront Costs

Features

- Dedicated app enables staff to manage all aspects of their working life
- Allows workers to see relevant duties before agency, both for individual duties and blocks of work
- Allows staff to quickly book with direct booking or express interest
- Fully integrated with rosters and collaborative banks which gives organisations a complete view of all staff in one place
- Workers can share their live calendar using iCal to help coordinate their working life with family members
- Supporting advanced pay rate management with Negotiated Rates, set sessional or ad-hoc pay rates (hourly/sessional) for duties
- Send rates to ESR for easy payroll processing
- Supports block bookings, allowing speedy publishing of shifts and quick booking for staff
- Maintain continuity of care and reduce admin with block booking capability
- Retain the registration of your own locums in house
- Improving control by allowing managers to view candidate CVs and approving candidates for booking
- Integrate with InstantPay to enable workers to draw down pay as they earn
