

## Create fulfilling careers and safeguard care with a modern and flexible LMS

Learning and Development matters to your people. Organisations that invest in learning and development have better staff retention and attract top talent. Allocate DevelopMe+ provides a robust upskilling solution to support modern health and care organisations. Allowing you to offer your staff robust, personalise learning pathways to develop and grow themselves both professionally and as a person.

### End-to-End Workforce Development Solution

Allocate DevelopMe+ integrates seamlessly with Allocate Optima offering a full end-to-end workforce management system

### Manage Assessments and Conditions

Ability to assess staff competence through a variety of attainment method including policy awareness and assessment

### Personal Learnings Pathways

Create personalized learning pathways for your staff, improving staff engagement and morale

### Learning on the Go

Allocate DevelopMe+ is available on desktop and mobile. Allowing access to your entire catalogue of learning, at your fingertips

### Live Data and Reporting

Protect your patient's quality of care, with all regulations and training adhered to and documented

**Actively supports the People Plan 2020/21 and reduces did-not-attends through Allocate Optima integration.**

“Allocate DevelopMe+ helps provide critical insight on where the Trust focuses its training resources and also helps to pinpoint future skills and learning development needs.”

**Bobby Moth**  
Associate Director of Leadership, Education and Development  
Southern Health NHS Trust

**Integrates with Allocate Optima to create an end-to-end workforce development solution.**

Allocate DevelopMe+ works across care settings and even across health economies. Our solution can be adapted to meet the specific needs of these settings, whether that be for hospitals, primary or community care, mental health and beyond. Allocate DevelopMe+ also works on mobiles, so you and your staff can complete training when and where is convenient to them.

### Benefits

- Fully integrates with Allocate Optima, giving complete visibility over work schedules allowing for the scheduling of training around schedules.
- Works on desktop, mobile, or tablet devices, so you and your staff can access a whole catalogue of learning at your fingertips, when and wherever is convenient to you.
- Easily manage learning of multiple and varied staff groups, including new starters, volunteers and external entities.
- Gain assurance your staff are correctly skilled via multi-level compliance dashboards.
- Provides all organisation-wide training, both mandatory and personal and allows skill gap analysis for future planning.
- Offer varied, high-quality content from multiple sources including in-house, 3rd part content or from our learning market place.
- Ease L&D administration by providing Managers and staff with the tools to self-serve.
- Encourage CPD activities for all staff groups including engaging portfolios for NMC registrants.
- Maintain skill and experience logs with ease, supporting pandemic workforce readiness.
- Facilitate supportive supervision and coaching through dedicated dashboards.
